ISA Code of Conduct:

**Preamble**

The ISA seeks to uphold high standards of personal conduct consistent with the ideals of competitive sport and within the best tradition of collegiality amongst independent schools. The pursuit of excellence in games and the enhancement of positive educational experiences for all students are of paramount importance to the ISA approach to sport.

ISA schools are expected to place the highest priority on players' safety and to ensure that Coaches, Officials and Administrators are fully aware of the ISA Code of Conduct as well as the particular rules and safety requirements in their sport. ISA schools are also expected to provide the necessary facilities in regards to the provision of First Aid and support for injured players.

**GUIDELINES FOR PLAYERS**

- Players are expected to be modest in success and generous in defeat, not showing in either case undue emotion. Players are also expected to acknowledge, willingly and openly, good play by either school.
- Players should be wholehearted in their approach to games, and should adhere strictly to the letter and the spirit of the rules or the laws. The referee or umpire's decision is, of course, final and the Captain of the team is the only one who may ask for clarification of a decision.
- Players shall never resort to unseemly or abusive language.
- Players should be punctual and well turned out. The home team – and in particular the Captain – should welcome the visiting team and its Captain. At the conclusion of the game, referees, umpires and other officials (scorers, touch judges etc.) should be thanked.
- Players should not applaud the opposition's mistakes.

**Activity Risk Warning**

RISK WARNING UNDER SECTION 5M OF THE CIVIL LIABILITY ACT 2002
SPORTING ACTIVITIES (ON BEHALF OF REDFIELD COLLEGE)

Redfield College participate in inter-school sporting activities in which many students participate.

While Redfield College takes measures to make the sporting activities as safe as possible for participants, there is a risk that students can be injured and suffer loss (including financial loss) and damage as a result of their participation in these sporting activities, whether at training or in actual events. Injury can occur while the student is engaging in or watching a sporting activity, or travelling to and from the event. The injury may result from a student's actions or the actions of others.

On some occasions, an injury can be serious (such as torn ligaments, dislocations, back injuries, concussion or broken bones). In very rare cases the injury can be life threatening or result in permanent disability. If a student has a pre-existing injury, participating in a sporting activity could result in an exacerbation of that injury.

Students could also suffer loss as a result of their personal property being lost, stolen, damaged or destroyed.
